Communication skills

- Strong communication skills with patients of various age groups and their caregivers. Effective collaboration with medical staff to ensure optimal patient care.
- Strong communication skills with students at various academic levels, fostering an engaging and supportive learning environment.
- Experience in student mentorship and academic guidance, helping medical students and trainees develop clinical reasoning and practical skills.

Organisational / managerial skills

- Research Team Member** – Collaborated with multidisciplinary teams (physicians, biologists) in the execution of clinical research projects at Sf Ioan Hospital for Children, Galati (2019-2026), and Dr. Victor Babeş Infectious Diseases Hospital, Bucharest (2015–2018).
- **Study Coordinator & Initiator** – Led and coordinated a PhD Research – **Biomarkers and Predictive Models in Pediatric Disorders of Water Balance (2019-2025)**. Established a research program on pediatric water-balance disorders, integrating clinical phenotyping, copeptin-based diagnostics, hydro-electrolyte biomarkers and predictive modeling. The doctoral work included a pediatric polyuria–polydipsia cohort assessed through water deprivation testing and hypertonic saline-stimulated copeptin, alongside studies on SIADH-related electrolyte disturbances in MIS-C/COVID-19. This research generated internationally indexed publications and laid the foundation for subsequent AI-assisted diagnostic modeling in pediatric endocrinology and electrolyte disorders.
 - **Study Coordinator** - Coordinated the creation and structuring of a retrospective database of 450 patients diagnosed with measles, hospitalized between 2016–2018 at Dr. Victor Babeş Clinical Hospital of Infectious and Tropical Diseases, Bucharest, contributing to the clinical analysis and conference dissemination of the study results.
 - Experience in student mentorship and academic guidance, helping medical students and trainees develop both theoretical knowledge and practical clinical skills.

Job-related skills

Clinical Management and Diagnostic Skills – Experienced in managing and diagnosing both pediatric and adult patients, acquired through extensive clinical rotations and practical training.

BLS and ALS Certification – Successfully completed Basic Life Support (BLS) and Advanced Life Support (ALS) courses, organized at INSMC under the coordination of Assoc. Prof. Dr. Tatiana Ciomartan and Assoc. Prof. Dr. Mihai Craiu.

Certified in Psychopedagogy (DSPP – Level II) – Specialized in effective teaching methodologies, curriculum design, and student assessment.

Active involvement in accreditation processes and curriculum development for medical programs, ensuring quality standards in medical education.
